Meet the Designers

EKTA LIVING FORMERLY BYWIRTH - SIGNE AND SUNE ENGELUND

Enjoy Living is thrilled to have partnered exclusively with Danish design company Piffany Copenhagen to bring their curation of award-winning design houses, under the brand collective EKTA Living to Australia and New Zealand.

Formerly byWirth, the Piffany Copenhagen creative team is headed up by powerhouse duo Signe and Sune Wirth Engelund. Alongside designers, David Krynauw, John Vogel, Knud Holscher, they bring together a collection of exquisite and functional furniture and accessories, designed to empower the creation of beautifully curated spaces for the kitchen, bathroom and living room.

Focusing on natural materials and a long-term design philosophy, Signe Wirth Engelund is best known for her coveted Scala stools and benches, the practical yet elegant Wood Knots and Racks and a Bathroom and Kitchen Accessory curation showcasing the best of Danish design.

As Head of Design, Signe Wirth Engelund says, *"we strive to create design which is clean and functional and will melt seamlessly into any style as well as simplify a busy everyday life."* Further, *"Our products are all made with love for their natural characteristics and interaction. We love the scent of oak and leather, we love the feeling of the material, and we really love how they age with beauty and patina".*
